

PHILOSOPHER / AUTHOR / TEACHER

Mohammad Reza Naderi

Toronto, Canada | mrnaderi.org | contact@mrnaderi.org

Philosopher working across continental philosophy, mathematical ontology, psychoanalysis, and political thought. His Theory of Discipline investigates how truths begin, acquire consistency, and become universal and absolute. His current work places radical novelty at the centre of philosophy.

Research

- Areas** Alain Badiou; truth and radical novelty; mathematical ontology and logic; theory of the subject; Hegel and Lacan; philosophy of disciplines.
- Current** A third book on the contemporary foreclosure of novelty and the philosophical conditions of radical novelty; ongoing development of the Theory of Discipline.

Education

- 2017** PhD, Philosophy and Critical Thinking, European Graduate School, *summa cum laude*.
Dissertation: Infinity and Subjectivity: Badiou's Theory of Discipline. Supervisor: Alain Badiou.
- 2006** MA, Philosophy, University of Toronto. Research focus: Heidegger and German Idealism.
- 1994** BSc, Computer Science and Pure Mathematics, University of Toronto.

Books

- 2027** *Badiou and Disciplinary Truths: A Companion to The Immanence of Truths*. Bloomsbury Academic. Forthcoming.
- 2024** *Philosophy After Lacan: Politics, Science, and Art*. Co-edited with Alireza Taheri and Chris Vanderwees. Routledge.
- 2023** *Badiou, Infinity, and Subjectivity: Reading Hegel and Lacan after Badiou*. Lexington Books.

Articles, Chapters, and Collective Works

- 2024** "Love - The Scene of the Two." *Poliética* 12(4): 164-190.

- 2024 "Lacan Is Our Hegel: Dialectic from Hegel to Lacan to Badiou." In *Philosophy After Lacan: Politics, Science, and Art*, 142-166. Routledge.
- 2023 "The Place of the Subject in Badiou's Theory of Discipline." *Filozofski vestnik* 43(3).
- 2021 "Atlas of Experimental Politics." Collective work, including 'The Discipline of Politics.' *ŠUM* 17: Meta-Futures.
- 2020 "Contribution to the Critique of Political Organization." Collective work. *Crisis & Critique* 7(3): 398-428.
- 2020 "Model Theory and the Unnamable." In *Revolutions for the Future: May '68 and the Prague Spring*, 92-121. Suture Press.
